

Revised in response to comments received at the July 11, 1996 workshop

Table 2. Historical Period and Period of Analysis for Resource Categories  
for the CALFED Bay-Delta Program EIR/EIS

Resource Category	Historical Period <sup>a</sup>	Period of Analysis
<b>Physical Environment</b>		
Surface-Water Hydrology	1920-1995	1920-1995
Groundwater (includes drainage and subsidence)	1920-1995	1976-1995
Water Supply	1940-1995	1976-1995
Geology and Soils	1850-1995	1995
Air Quality	1967-1995	1986-1995
<b>Biological Environment</b>		
Fisheries	pre-1920s-1995	1986-1995
Vegetation	pre-1920s-1995	1986-1995
Wildlife	pre-1920s-1995	1986-1995
<b>Economics and Social Environment</b>		
Agricultural Land Use	1920-1995	1976-1995
Municipal and Industrial Land Use	1920-1995	1986-1995
Agricultural Economics	1920-1995	1976-1995
Municipal and Industrial Economics	1920-1995	1986-1995
Power Production	1960-1995	1986-1995
Recreation	1940-1995	1986-1995
Fish, Wildlife, and Recreation Economics	1967-1995	1986-1995
Visual Resources	1940-1995	1995
Cultural Resources	pre-1920s	1995
Public Health	1967-1995	1995

<sup>a</sup> Based on historical period selected for resource categories for the CVPIA PEIS.
